Re: Reference for Matthew Jensen

Hello Matt,

As I explained to you, I do not usually provide references for people because they don't generally perform to a standard that is worth referring. In your case it would be a pleasure because of your time honoured representation of your technological services, knowledge, speed and quality of service.

It is very tough to be in business and it is the people on your team that make you or break you. Incorporating you into my team has enabled me to concentrate on my job where I usually oversee everything to make sure the job gets done.

Matthew is an exceptional team player that has stepped up consistently when work needs to be done and that is what companies need to be successful.

It is a pleasure working with you and I look forward to working with you on a full time basis in the near future.

Sincerely,
